Dear Marysville Students, Parents, and Staff,

The following handbook is intended for use by students, parents, and staff as a guide to the rules, procedures, and general information about the District. The use of the word "parent" in this handbook means a student's natural or adoptive parent(s) or legal guardian(s). Students and their parents are responsible for familiarizing themselves with this handbook, and parents should use the handbook as a resource to assist their children with following its rules and procedures.

Students must comply with all school policies, regulations, rules, and expectations. The use of the word "Policy" in this handbook includes by laws or policies adopted by the Board of Education. Although the information in this handbook is comprehensive, it is not intended to address every situation that may arise during a school day or school year. This handbook does not create a contract between the District and parents, students, or staff. The administration is responsible for interpreting the rules contained in the handbook to ensure the implementation of the school's educational program and well-being of all students. If a situation arises that is not specifically addressed by this handbook, the administration may respond based on applicable law and policy.

Sincerely,

A handwritten signature in black ink that reads 'Shawn K. Wightman'.

Dear Marysville Parent(s),

At Marysville Public Schools, we deeply value open communication and want to ensure that all concerns and issues are addressed in a respectful and effective manner. To achieve this, we encourage everyone to follow our "Chain of Command" for initiating communication regarding any problems or concerns.

We understand that frustrations may arise when trying to address issues, but our aim is to prevent any undue stress or confusion. Therefore, we kindly ask that each situation be first addressed at the level where the initial action was taken. Our goal is to resolve matters at that level whenever possible. If, however, the situation remains unresolved to your satisfaction, we have a structured process for appeals that can be followed.

To initiate communication, we suggest starting with an email, as it provides written documentation of the issue. Alternatively, a phone call to the appropriate contact is also an acceptable means of communication. In some cases, these initial communications may lead to a face-to-face meeting.

We kindly request that you follow the below list of contacts when addressing any concerns. In each case, please explain your concern(s) and share your thoughts, allowing the individual involved a reasonable time frame to reply before proceeding to the next level in the Chain of Command (see below).

## **EMERGENCY SCHOOL CLOSING PROCEDURES**

The District will use SchoolMessenger (e.g. phone calls, text messages, and email notifications) to inform students, parents, and the general public of any emergency school closures, such as a snow day or when classes are abruptly dismissed early. Additionally, the District will send out special Skyward notifications and post school marquee messages in front of school buildings. Additionally, in the event of an emergency, specific alerts or communications will be published to nearby radio, television, district messaging networks, and social media websites.

## NOTICE OF NON-DISCRIMINATION

The District does not discriminate on the basis of race, color, religion, national origin, ethnicity, sex (including pregnancy, gender identity, or sexual orientation), disability, age, height, weight, marital or family status, veteran status, ancestry, genetic information, military status, or any other legally protected category (collectively, "Protected Classes"), in its programs and activities, and provides equal access to the Boy Scouts and other designated youth groups as required by law.

The District prohibits unlawful discrimination, including unlawful harassment and retaliation. The District will investigate all allegations of unlawful discrimination and will take appropriate action, including discipline, against any person who, following an investigation, is determined to have engaged in unlawful discrimination.

"Unlawful harassment" is verbal, written, or physical conduct that denigrates or shows hostility or aversion toward a person because of the person's membership in a Protected Class that has the purpose or effect of: (1) creating an intimidating, hostile, or offensive environment; or (2) unreasonably interfering with the person's ability to benefit from the District's educational programs or activities.

- **Race, color, and national origin harassment** can take many forms, including, but not limited to, slurs, taunts, stereotypes, or name-calling, as well as racially motivated physical threats, attacks, or other hateful conduct. Harassment based on ethnicity, ancestry, or perceived ancestral, ethnic, or religious characteristics is considered race, color, and national origin harassment.
- **Disability harassment** can take many forms, including, but not limited to, slurs, taunts, stereotypes, or name-calling, as well as disability-motivated physical threats, attacks, or other hateful conduct.
- **Sex-based harassment** can take many forms. For the definition of sex-based harassment, including sexual harassment under Title IX, see Policy #8018 and #5035 at [Board Policy](#).

Any student who witnesses an act of unlawful discrimination, including unlawful harassment or retaliation, is encouraged to report it to District personnel. No student will be retaliated against based on any report of suspected discrimination. A student may also anonymously report an incident of unlawful discrimination. The District will investigate anonymous reports pursuant to its investigation procedures described by Policy. Minor students do not need parent permission to file complaints or participate in the formal complaint resolution process described by Policy.

If you or someone you know has been subjected to **sex-based discrimination, harassment, or retaliation**, you may file a report with any District employee. Formal Complaints of sexual harassment must be filed with the Title IX Coordinator:

A report of unlawful discrimination, including unlawful harassment or retaliation, may be made orally or in writing.

A student found to have engaged in unlawful discrimination, including unlawful harassment or retaliation, may be subject to discipline, including suspension or expulsion, Pursuant to Board Policy #8300 (see [Board Policy](#)).

## **Attendance**

Students are expected to attend school every day school is in session. Students are to arrive before the first class and stay until the scheduled end of their school day. If a student is unable to attend school, the parent or guardian must report that absence to the MMS Office at 810-364-6336 by 8:00 AM and leave a detailed message.

### **Michigan Revised School Code, Section 1561 - Compulsory Student Attendance Excerpt**

Every parent, guardian or other person in the state of Michigan, having control and charge of any child between the ages of six and eighteen years shall be required to send such child to the public schools during the entire school year and such attendance shall be continuous and consecutive for the school year fixed by the school district in which such child is enrolled.

**In order to participate in any after-school activity, students must be in attendance for at least one-half of the school day.**

The purpose of a School Attendance Policy is to encourage outstanding attendance among all students and to maintain academic standards for earning grades. The school recognizes the importance parents play in school attendance. Students will not be allowed in the building prior to designated times.

### **Attendance Letters**

Marysville Middle School will closely monitor all student attendance records. Because a child's attendance remains the responsibility of the parents/guardians, the school can only provide the information to help support the importance of school attendance and the documentation for the actual days a student attends. If a student's attendance record warrants attention due to excessive absences, a letter of information, a letter to request a conference, or a notice for a referral to the **St. Clair County RESA** Attendance Officer, will be sent to the parents/guardians. Administration reserves the right to determine what constitutes excessive absence. However, if a student acquires 5 absences within a semester, an informational letter will be sent to the parents/guardians. A conference may be requested at this time. A copy of the letter will be distributed to the student's CA60.

### **Excused Absences**

Appointments with doctors and dentists should not ordinarily be scheduled during school time. In case this is unavoidable, the student either should bring a note signed by a parent or guardian to the office stating the time it will be necessary to leave school and the reason, or the office should receive a phone call from a parent or guardian. Administration reserves the right to determine if an absence or tardy is excused. Absences may be marked medical if doctor's notes are provided.

A student who is absent from school must make up the work missed according to the plan of each individual teacher. Credit will be given for work made up for an excused absence. Most classwork is available through Google classroom.

### **Prearranged Absence/Planned absences**

Parents who know in advance that a student will be absent 3 days or more must contact the school at the earliest possible date. A student should pick up a "Prearranged Absence" form from the office.

### **Students are expected to:**

- Complete all class work in advance for any absence that can be anticipated or make alternative arrangements with their teacher in advance of the absence.
- Make up all work that is assigned by teachers for the instructional time that has been missed.

## **Student Make-Up Work Policy**

1. If requested by the parent/guardian, we will gather make-up work from teachers and have it ready for a parent to pick up for any student who is absent or going to be absent for **three days or more**.
2. Prearranged absence make-up work is due, at the teacher's option, either before the student leaves, immediately upon return, or as arranged on return.
3. As a rule of thumb, a student is given a day to make-up work for each day absent. Teachers may give "zeros" to work not made up on time.

## **Tardy procedure**

A tardy to class is defined as not being in your assigned seat when the bell rings.

1. School starts at 8:00 a.m. Any student not in their assigned seat when the bell rings will be considered tardy. Exceptions to this rule will be:
  - a. Doctor/dental/court appointment (with a note from the doctor or court presented to student services).
  - b. Bus problem.
  - c. Inclement weather.
2. When a student reaches his/her third tardy in a class the student will receive a detention. For each tardy after the third tardy, the student will receive an additional detention.
3. A student that comes in later than 10 minutes to a class will be considered absent. Missing more than 10 minutes of a class will be considered absent.
4. When a student is meeting with school personnel, the student will be given a pass and the tardy will not count against the student.

## **Leaving School Grounds**

Once students have arrived, they are not allowed to leave school or school property without following office procedures. Permission to leave is first given by the parent or guardian through a call or note to the office. The parent/guardian is then **required** to sign the student out in the office at the requested time.

## **Books and Supplies**

The District will provide free instruction to all students and may or may not charge additional fees for materials necessary to complete required or elective courses. Students and parents may purchase additional supplies at their own expense. The District may charge a reasonable and refundable deposit to cover damage to textbooks and supplies. A teacher may provide a list of suggested materials that students and parents may purchase. Purchasing materials is voluntary and not required for curricular activities.

Students must take care of books and other supplies provided by the District. The District may assess fees to repair or replace District property that is lost, damaged, stolen, returned in a different condition, or not returned on time.

## **Bullying**

All types of student-on-student bullying, including cyberbullying, without regard to subject matter or motivation, are prohibited. The District's Anti-Bullying Policy is attached to this handbook as Appendix B.

## **Cafeteria Rules**

### **Cafeteria and Lunch Periods**

Classes will be in session during this time so it is important that students be considerate of others.

Simple rule of courteous behavior include:

1. Observing good dining room standards at the table;
2. Leaving the table and surrounding area clean and orderly;
3. Returning trays to window and putting trash in proper containers; and

Noon hour supervisors are employed to supervise the halls and the cafeteria during lunch. Their responsibilities include: reporting violations of student behavior code to an administrator, checking students for hallway passes, keeping students out of the

hallways during lunch, and assisting teachers and visitors when needed. These noon supervisors are employed by the school district and must be treated with the same respect as other district employees.

### **Drinks**

Students are only allowed water in a closable container/bottle in the hallways and classrooms. Open containers such as: McDonalds, Tim Hortons, Starbucks, Tropical Smoothie, etc. are not allowed in the hallways and classrooms and are limited to the cafeteria only.

### **Cell Phone Use**

## **Children's Protective Services (CPS) Investigations**

The District will cooperate with Children's Protective Services (CPS) during an investigation of suspected child abuse or neglect. Cooperation may include allowing CPS access to a student without parent consent if CPS determines access is necessary to complete the investigation or prevent abuse or neglect. As a matter of law, the identity of an individual who makes a report of suspected child abuse or neglect is confidential and will not be disclosed.

## **Classroom Behavior**

Teachers may establish classroom conduct rules that students must follow.

## **MMS is a Closed Campus**

The school campus is a closed campus. All students must remain on campus during school hours. Students who leave campus without authorization are subject to disciplinary action.

## **Communicable Diseases**

The District, in conjunction with local health department officials, may exclude students who:

- Are suspected of having a communicable disease until a physician or local health department official determines the student is no longer a risk; or
- Lack of documentation of immunity or are otherwise considered susceptible to a communicable disease until the local health department officials determine the risk of spreading the disease has passed.

Communicable diseases include, but are not limited to, diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, COVID-19, and other conditions indicated by the local and state health departments. Any removal will only be for the contagious period or as directed by the local health department.

## **Damage to School Property**

Students who damage school property either intentionally or unintentionally may be subject to discipline and required to pay to replace or restore the property.

## **Dress and Grooming**

In general, clothing should be clean and appropriate for the climate and the situation. Student dress, hair style, make up, cleanliness, or personal appearance that is a threat to the safety, health, or welfare of others; violates any statute, or the Dress Code; or substantially disrupts the educational environment or that school officials reasonably forecast will substantially disrupt the educational environment, is grounds for remedial or disciplinary action.

The final decision in any situation involving inappropriate attire rests with building administrators.

Students who are dressed inappropriately will be asked to change clothing immediately. If necessary, parents will be called to bring appropriate clothing, students can use extra clothing provided by the District, or the student may be sent home to change. Repeated dress code violations may result in more severe consequences.

**Emergency Contact Information**

Parents must provide emergency information for each student enrolled in the District. The information should include the family physician’s name, contact information for parents or a responsible adult, and any necessary emergency instructions. Parents must promptly inform the school if this contact information changes.

## **Fees**

The District will not charge students a fee to participate in curricular activities. The District may charge students a fee to participate in extracurricular and non-curricular activities to cover the District's reasonable costs. The District may require students to furnish specialized equipment and clothing required for participation in extracurricular and non-curricular activities or may charge a reasonable fee for the use of District-owned equipment or clothing. The activity's coach or sponsor will provide students with information about the fees charged and the equipment or clothing required.

District athletic fees will be imposed for Middle and High School students who participate in athletics.

Classes occasionally take field trips off school property for educational enrichment. Each student must submit a completed permission form signed by the student's parent before being allowed to attend a field trip.

A student's failure to comply with Board Policy, the Student Code of Conduct, or any other applicable rules or behavioral expectations while on a field trip may result in disciplinary action and removal or exclusion from the trip or future field trips.

Students who have not met academic or behavioral expectations may not be allowed to attend field trips.

## **First Aid, Illness, or Injury at School**

Students who feel ill or are hurt while at school should seek immediate assistance from their classroom teacher or the nearest staff member.

When the building principal or designee determines that a student is too ill or injured to remain at school, school staff will contact the student's parent or other designated responsible adult to pick up the student from school. If the student requires immediate medical attention, the District will first attempt to contact a parent or other designated responsible adult when reasonably possible. If contact cannot be made, the building principal or designee will take any reasonable action necessary on the student's behalf, consistent with state law.

Students showing symptoms of a communicable disease may be sent home. The District may require a statement from a licensed physician or local health official before allowing the student to return to school.

## **Homeless Children and Youth**

The District will provide a free public education to homeless children and youth who are in the District and will afford them the educational rights and legal protections provided by federal and state law. Homeless children and youth will not be stigmatized or segregated based on their homeless status and will have the same access to services offered to students who are not homeless.

A student or parent in a homeless situation who requires assistance should contact the District's homeless liaison:

Karrie Smith, Executive Director of Special Education/State & Federal Programs

For detailed information about Homeless Children and Youth, see Policy #8045 at [Board Policy](#).

### **Immunizations**

For a student entering the District for the first time or entering 7th grade, a parent must provide the building principal or designee with a certificate stating that the student has received at least 1 dose of an immunizing agent against each disease specified by the Michigan Department of Health and Human Services (MDHHS) or other responsible agency or documentation of an applicable approved exemption.

The student's parent must provide the certificate or documentation at the time of registration, or no later than the first day of school. A parent of a student who has not received all doses of any required immunizing agent must provide the District an updated immunization certificate demonstrating that the immunizations have been completed as required by the MDHHS. The updated certificate must be provided within 4 months of the student entering the District for the first time or upon entering 7th grade. The District will not permit a student to attend school unless the parent provides evidence of immunizations or exemptions consistent with state law.

### **Law Enforcement Interviews**

Law enforcement officers may be called to the school at the request of school administration. Students may be questioned by law enforcement consistent with Policy #8140 at [Board Policy](#). NOTE: STUDENTS MAY BE QUESTIONED BY SCHOOL OFFICIALS AT ANY TIME, WITHOUT PARENT NOTICE OR CONSENT, CONSISTENT WITH THE DISTRICT'S OBLIGATION TO MAINTAIN A SAFE AND ORDERLY LEARNING ENVIRONMENT.

### **Limited English Proficiency**

Limited proficiency in the English language should not be a barrier to a student's equal participation in the District's instructional or extracurricular programs. Those students identified as having limited English proficiency will be provided additional support and instruction to assist them in gaining English proficiency and in accessing the educational and extra-curricular programs offered by the District.

### **Searches of Motorized Vehicles, Lockers, Backpacks, and Students**

Pursuant to Policy #8130 (see [Board Policy](#)), lockers are District property and may be made available for student use. Lockers are assigned to students on a temporary basis,

and District administration may revoke a student's locker assignment at any time. The District retains ownership of lockers notwithstanding student use.

Students have no expectation of privacy in their lockers. The building principal or designee may inspect lockers without any particularized suspicion or reasonable cause and without advance notice. Upon the request of the building principal or designee, law enforcement may assist with searching lockers.

During a locker search, student privacy rights will be respected for any items that are not illegal or violate Board Policy or building rules.

The District will also follow Policy #8130 for motorized vehicles, backpacks, and students(see [Board Policy](#)).

### **Lost and Found**

All lost and found items are to be taken to the small cafeteria or office. Students may claim lost articles there. Unclaimed items may be donated to a local charity or otherwise disposed of at the conclusion of each semester.

### **Media Center**

Students must check out materials from the media specialist or designee on duty. Each borrower is responsible for all materials checked out in the borrower's name. Each student is responsible for any fine that accumulates on materials charged to the student. If materials are lost and not returned by the end of the semester, the student must pay for the replacement cost. Students must also pay for any damage they cause to materials.

### **Medication**

Whenever possible, parents should arrange student medication schedules to eliminate the need for administration of medication at school. When a student requires prescription or over-the-counter medication at school, the following procedures apply:

- The student's parent must annually submit a written request and consent form as required by the District. (See Appendix G. [Request to Administer Medication](#).)
- A building principal or designee must request that the parent supply medications in the exact dosage required whenever feasible.
- The building principal or designee will notify the student's parent of any observed adverse reaction to medication.
- All medications must be in the original container.

For additional information and requirements, see Policy #2780 at [Board Policy](#).

### **Asthma Inhalers and Epinephrine Auto-Injectors (EPI)/Inhalers**

A student may possess and use an asthma inhaler or epinephrine auto-injector or inhaler with written approval from the student's healthcare provider and consistent with Policy #2780 (see [Board Policy](#)). A minor student must also have written permission from the student's parent. The required documentation must be submitted to the building principal

or designee. If a student is authorized to self-possess or self-administer an asthma inhaler or epinephrine auto-injector or inhaler, the building principal or designee will notify the student's teachers and other staff as appropriate.

If necessary, the school may maintain a written emergency care plan drafted by a physician in collaboration with the student's parent. The emergency care plan will contain specific instructions related to the student's needs. The physician and parent should update the emergency care plan as necessary to address any changes in the student's medical circumstances.

### **Concussion Information**

Legislation intended to protect young athletes from sports-related concussions mandates public school districts provide educational materials regarding concussions to all students and parents/guardians of students participating in a practice, a competition, or a physical education class. Accordingly, the following important information is shared with our school community. Please be sure you read this information with your child. Parents and students must sign and return acknowledgement of this educational material. Educational Materials for Parents and Students (Content Meets MDCH Requirements)

#### **WHAT IS A CONCUSSION?**

A concussion is a type of traumatic brain injury that changes the way the brain normally works. A concussion is caused by a fall, bump, blow, or jolt to the head or body that causes the head and brain to move quickly back and forth. A concussion can be caused by a shaking, spinning or a sudden stopping and starting of the head. Even a "ding", "getting your bell rung," or what seems to be a mild bump or blow to the head can be serious. A concussion can happen even if you haven't been knocked out.

You can't see a concussion. Signs and symptoms of concussions can show up right after the injury or may not appear or be noticed until days or weeks after the injury. If the student reports any symptoms of a concussion, or if you notice symptoms yourself, seek medical attention right away. A student who may have had a concussion should not return to play on the day of the injury and until a health care professional says they are okay to return to play.

**IF YOU SUSPECT A CONCUSSION:**

1. **SEEK MEDICAL ATTENTION RIGHT AWAY** – A health care professional will be able to decide how serious the concussion is and when it is safe for the student to return to regular activities, including sports. Don't hide it, report it. Ignoring symptoms and trying to "tough it out" often makes it worse.
2. **KEEP YOUR STUDENT OUT OF PLAY** – Concussions take time to heal. Don't let the student return to play the day of injury and until a health care professional says it's okay. A student, who returns to play too soon, while the brain is still healing, risks a greater chance of having a second concussion. Young children and teens are more likely to get a concussion and take longer to recover than adults. Repeat or second concussions increase the time it takes to recover and can be very serious. They can cause permanent brain damage, affecting the student for a lifetime. They can be fatal. It is better to miss one game than the whole season.
3. **TELL THE SCHOOL ABOUT ANY PREVIOUS CONCUSSION** – Schools should know if a student had a previous concussion. A student's school may not know about a concussion received in another sport or activity unless you notify them.

**POSSIBLE SIGNS OBSERVED BY PARENTS:**

-Appears dazed or stunned	-Can't recall events prior to or after a hit or fall	-Answers Questions slowly
-Is confused about assignment or position	-Is unsure of game, score, or opponent	-Loses consciousness (even briefly)
-Forget an instruction	-Moves clumsily	-Shows mood, behavior, or personality changes

**CONCUSSION DANGER SIGNS:**

In rare cases, a dangerous blood clot may form on the brain in a person with a concussion and crowd the brain against the skull. A student should receive immediate medical attention if after a bump, blow, or jolt to the head or body s/he exhibits any of the following danger signs:

-One pupil larger than the other	-repeated vomiting or nausea	-Becomes increasingly confused, restless, or agitated
-Is drowsy or cannot be awakened	-Slurred speech	-Has unusual behavior
-A headache that gets worse	-Convulsions or seizures	-Loses consciousness (even briefly)
-Weakness or numbness	-Cannot recognize people/places	-Decreased coordination

**HOW TO RESPOND TO A REPORT OF A CONCUSSION:**

If a student reports one or more symptoms of a concussion after a bump, blow, or jolt to the head or body, s/he should be kept out of athletic play the day of the injury. The student should only return to play with permission from a health care professional experienced in evaluating for concussion. During recovery, rest is key. Exercising or activities that involve a lot of concentration (such as studying, working on the computer, or playing video games) may cause concussion symptoms to reappear or get worse. Students who return to school after a concussion may need to spend fewer hours at school, take rest breaks, be given extra help and time, spend less time reading, writing or on a computer. After a concussion, returning to sports and school is a gradual process that should be monitored by a health care professional.

Remember: Concussion affects people differently. While most students with a concussion recover quickly and fully, some will have symptoms that last for days, or even weeks. A more serious concussion can last for months or longer.

To learn more, go to [www.cdc.gov/concussion](http://www.cdc.gov/concussion).

**Parties**

Classes may have seasonal or curriculum-related parties during the year. Students must follow all expectations and rules established by the teacher or other relevant staff during the party. Invitations for private parties and non-school-sponsored events may not be distributed in the classroom.

## **Playground/Recess Rules**

Staff will supervise students when the students use the playground or recess area during the school day or as part of a school activity. At all other times and circumstances, the District does not provide supervision of its playgrounds, equipment, or surrounding areas.

Students are to follow all recess and playground rules when inside or outside.

## **Protection of Pupil Rights (PPRA)**

The Protection of Pupil Rights Amendment (PPRA) gives parents and students who are 18 years old or emancipated minors (“eligible students”) certain rights regarding:

1. The school district’s conduct of student surveys, analysis, or evaluation that concerns one or more of the following areas: political affiliations or beliefs of the student or student’s parent; mental or psychological problems of the student or student’s family; sexual behavior or attitudes; illegal, anti-social, self-incriminating, or demeaning behavior; critical appraisals of others with whom respondents have close family relationships; legally recognized privileged relationships, such as with lawyers, doctors or ministers; religious practices, affiliations, or beliefs of the student or parents; or income, other than as required by law to determine program eligibility.
2. The collection and use of students’ personal information for marketing purposes, sales or other distribution; and certain rights regarding any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision or scoliosis screenings, or any physical exam or screening permitted or required under State law.

Rights include:

1. The right to consent before a student is required to submit to a survey in whole or in part that concerns the above list;
2. The right to receive notice and an opportunity to opt the student out; and
3. The right to inspect, upon request and before administration or use, the protected information surveys of students, instruments used to collect the personal information from students, and the instruction material used as part of the educational curriculum.

Questions or concerns regarding the above PPRA may be addressed to the building Principal.

## **Rights of Custodial and Non-Custodial Parents**

Unless a parent has provided the building principal or designee with a court order that provides otherwise, District personnel will treat each parent, regardless of custody or visitation rights, the same as to accessing student records, meeting and conferring with

District personnel, visiting a child at school, and transporting a child to or from school. District personnel are not responsible for enforcing visitation or parenting time orders.

Parents, regardless of custodial status, will be provided information about conference times so both parents may attend a single conference. The District is not required to schedule separate conferences if both parents have been previously informed of scheduled conference times.

If either or both parents' behavior is disruptive, staff may terminate a conference and reschedule it with appropriate modifications or expectations.

### **Search and Seizure**

To maintain order and discipline in school and protect the safety and welfare of students and school personnel, school authorities may search a student or the student's personal effects (e.g., purse, book bag, athletic bag) as permitted by law and may seize any illegal, unauthorized, or contraband materials discovered in the search. As noted in "Locker Use," student lockers and desks are school property and remain at all times under the District's control. Student lockers and desks are subject to search at any time for any reason and without notice or consent.

School officials may use canines, metal detectors, wands, or other tools to conduct searches.

A student's failure to permit a search and seizure may be grounds for disciplinary action. A student's person and personal effects may be searched whenever a school official has reasonable suspicion to believe that the student possesses illegal or unauthorized materials. If a properly conducted search yields illegal or contraband materials, these items may be turned over to law enforcement.

### **Student Education Records**

The District may collect, retain, use, and disclose student education records consistent with state and federal law. See Policy #8940 at [Board Policy](#) for an overview of the District's collection, retention, use, and disclosure of student records.

Parents may inspect and review their minor child's education records, regardless of custody status, unless a court order specifies otherwise. An eligible student (i.e., a student who is 18 years or older or an emancipated minor) may also inspect and review their education records.

### **Right to Request Explanation or Interpretation**

A parent or eligible student may request, in writing, an explanation or interpretation of a student's education records. School officials will respond to any reasonable request.

### **Technology**

Use of District technology resources is a privilege, not a right. Students are expected to use computers, the Internet, and other District technology resources for school-related educational purposes only. Students and their parents are required to sign and return the Acceptable Use Agreement attached as **Appendix D** before they may use or access

District technology resources. Students who violate the District's Acceptable Use Agreement may have technology privileges terminated or suspended and may be subject to discipline, up to and including expulsion.

## **Transportation Services**

### **School Vehicle Rules**

Riding in school vehicles is a privilege, not a right. Students must comply with the following rules and all school conduct rules and directives while riding in school vehicles. In addition, students must comply with the Student Code of Conduct while in school vehicles.

When in school vehicles, the following rules apply:

1. Students must promptly comply with any directive given by the driver.
2. Students must wait in a safe place for the vehicle to arrive, clear of traffic and away from where the vehicle stops.
3. Students may not fight or engage in bullying, harassment, or horseplay while riding or waiting for school vehicles.
4. Students must enter the vehicle without crowding or disturbing others and go directly to a seat.
5. Students must remain seated and keep aisles and exits clear while the vehicle is moving.
6. Students may not throw or pass objects on, from, or into vehicles.
7. Students may not use profane language, obscene gestures, tobacco, alcohol, drugs, or any other controlled substance on the vehicles.
8. Students may not carry weapons, look-a-like weapons, hazardous materials, nuisance items, or animals onto the vehicle.
9. Students may converse in ordinary tones and volumes but may not be loud or boisterous and should avoid talking to the driver while the vehicle is moving. Students must be absolutely quiet when the vehicle approaches a railroad crossing and any time the driver calls for quiet.
10. Students may not open windows without the driver's permission. Students may not dangle body parts or other items (e.g., legs, arms, backpacks) out of the windows.
11. Students must secure any item(s) that could break or cause injury if tossed about the inside of the vehicle if the vehicle were involved in an accident.
12. Students must respect the rights and safety of others at all times.
13. Students must help keep the vehicle clean, sanitary, and orderly. Students must remove all personal items and trash upon exiting.
14. Students may not vandalize or intentionally cause damage to the vehicle.

15. Students may not leave or board the vehicle at locations other than the assigned stops at home or school unless approved prior to departure by the superintendent or designee.]

Video cameras may be placed on vehicles and buses to monitor student behavior on the vehicle/bus. Exceptions or modifications to these rules may be made as necessary to accommodate a student with a disability.

### **School Vehicle Misconduct Consequences**

Students who violate the school vehicle rules will be referred to the building assistant principal for discipline. Disciplinary consequences may include parent notification, suspension of vehicle/bus riding privileges, exclusion from extracurricular activities, in-school suspension, and suspension or expulsion.

These consequences are not progressive and school officials have discretion to impose any listed consequence they deem appropriate in accordance with state and federal law and Board Policy.

Records of vehicle misconduct will be forwarded to the appropriate building principal and will be maintained in the same manner as other student discipline records. Reports of serious misconduct may be reported to law enforcement.

### **Video Surveillance and Photographs**

The District may monitor any District building, facility, property, bus, or vehicle with video recording equipment other than areas where a person has a legally recognized and reasonable expectation of privacy (e.g., restrooms and locker rooms). Except in those school areas, a person has no expectation of privacy.

The District may use video recordings for any lawful purpose, including student discipline, assisting law enforcement, or investigations.

Students may not make recordings: on school property; when on a vehicle owned, leased, or contracted by the District; or at a school-sponsored activity or athletic event unless otherwise authorized by Board Policy, applicable law, or a District employee.

### **Withdrawal From School**

Students who are transferring from the District must submit written notice to the building principal at least 1 week before the withdrawal.

## SECTION II: ACADEMICS

To encourage students and parents to stay apprised of student academic information, grades, attendance, and other information can be accessed via Skyward.

To register for Skyward Parent Access, please contact the school office.

### Grades

#### Reports to Parents

##### Mid -Term Reports

1. At the midpoint of each card marking period progress reports will be available to parents in Skyward informing them if a student is doing poorly in a class.
2. Parents should then contact the student's counselor/teachers for additional help/information.

##### Report Cards

Report cards are produced twice a semester (9<sup>th</sup> week and end of semester). The first report card is an indication of progress for the first nine weeks of the semester. The final mark is the official mark, which goes on the school's transcript and determines whether the student has passed or failed the course.

##### Honor Roll and National Junior Honor Society

Honor Roll students are classified as those individuals who have achieved a "3.5" average or above in all subjects for the marking period. Grade point averages will be determined by the chart listed below.

The National Junior Honor Society is composed of students who are selected for their academic success, character, leadership, integrity, and honesty. They are selected by counselors, teachers and administrators, and are inducted each fall. To be eligible for consideration for membership in the Marysville Chapter of the National Junior Honor Society, a student must be an 8<sup>th</sup> grader, have a "3.5 GPA" average with no D's or E's, and be in attendance at Marysville Middle School for one full year. Eligible students will be asked to fill out a student activity form and will be rated by the faculty on the characteristics necessary for membership, discipline history will also be considered. The faculty council reviews the activity form and other verifiable information. Candidates meeting all criteria will be invited to be inducted into the local chapter.

##### Determining Grade Point Averages

Grade	Grade Points
A+	4.33
A	4.00
A-	3.67
B+	3.33

E	.0

### **Assemblies**

Each year the Middle School Student Council and staff try to offer a variety of assemblies for the students. Student code of conduct will be enforced at all assemblies. Students are to sit with their class and teacher in the assigned area. At the conclusion of the assembly, the dismissal of students will be by rows, by an administrator.

**Students who do not conduct themselves in an orderly manner may be excluded from future assemblies.**

### **Homework**

Classroom teachers may assign homework. Parents who have questions about homework or concerns about class work should contact their student's teacher.

Each student is expected to spend time preparing for classes outside of school hours. The amount of time that is needed will depend upon each student and each class.

### **Placement**

The District has the sole discretion to make promotion, retention, and placement decisions for its students, consistent with state and federal law. All efforts will be made by teachers and counselors to involve parents in the promotion review procedure. Parents are an important part of the decision to promote or retain a student. The District may consider parent requests that a student be placed in a particular classroom, building, educational program, or grade. The District's placement decision is final.

### **Students with Disabilities**

Eligible students with disabilities under the Individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act are entitled to a free appropriate public education. The District will follow state and federal law and applicable rules and regulations in identifying, locating, evaluating, and educating students with disabilities.

A parent who believes their student is eligible for special education or accommodations due to a disability or suspected disability should contact:

Karrie Smith, Executive Director of Special Education & State/Federal Programs

### **Testing Out**

A student may test out of high school classes and earn credit. Students interested in testing out of a class should review Policy #7650 at [Board Policy](#) and make arrangements with their assigned counselor.

#### Extracurricular Activities

Participation in extracurricular activities is a privilege, not a right. Students are encouraged to participate in extracurricular activities. Participation is open to students who meet the eligibility requirements established by the District and any applicable governing body.

The District has exclusive control over extracurricular activities including, but not limited to, formation, naming, structure, operation, financing, and discontinuance.

## **SECTION IV: DISCIPLINE AND CODE OF CONDUCT**

### **General Discipline**

The District may discipline students who engage in misconduct, up to and including suspension or expulsion from school.

The District will comply with applicable laws related to student discipline, including the consideration of specific factors and possible use of restorative practices.

If an administrator determines that an emergency requires the immediate removal of a student from school, the administrator may contact the student's parent or local law enforcement or take other measures to have the student safely removed from school.

Students who are involved in extracurricular activities and engage in misconduct may face consequences related to the activity in addition to the consequences provided in this handbook.

The District reserves the right to refer to an appropriate non-school agency any act or conduct which may constitute a crime. The District will cooperate with those agencies in their investigations as permitted by law.

The District's rules and policies apply to any student who is on school property or school-affiliated transportation, who is in attendance at school or at any school-sponsored activity or function, or whose conduct at any time or place directly interferes with the operation, discipline, or general welfare of the school, regardless of location, date, or time.

### **Forms of School Discipline & Applicable Due Process**

#### **Before and/or After-School Detention**

Teachers and administrators may require students to come before school or stay after school to serve a detention when the student violates any of the rules contained in this handbook or violates classroom-specific conduct rules set by individual teachers.

Students who ride the bus home from school will be given a 24-hour notice of detention(s) so that parents may make transportation arrangements for the student the following day.

Detention may be assigned by the staff for unacceptable behavior or disciplinary reasons with a day's notice. Students are expected to report promptly to the Assistant Principal after school for detention. Those students not in attendance will be assigned two nights of detention unless the absence is excused by an administrator. Doctor or dentist appointments will require notes for the appointment. If the student does not serve the 2 assigned detentions, a suspension may be assigned. Otherwise, all students who are in school are expected to be in attendance. Students assigned detention are to bring enough school related work (written work) to keep them busy. There is no talking or food allowed in detention. Any students missing detention will not be allowed to participate in any after school activities. Detentions will not be switched for any after school activities.

#### **Progressive Discipline For Abuse Of Detentions**

When a student reaches his/her fifth detention (regardless of assigned reason) and all subsequent detentions thereafter during a semester, the student may be assigned a suspension for one day and a referral to the counselor or social worker may be made.

### **Saturday School**

The building administrator may require a student to attend Saturday School. Students follow strict rules and must work on assignments the entire time, except for short breaks. Students who do not follow Saturday School rules will be removed and will face further disciplinary action.

### **In-School Suspension**

The building administrator may require a student to serve in-school suspension, during which students follow strict rules and must work on assignments the entire time, except for short breaks. Students not completing their In-School Suspension will face further disciplinary action.

### **Removal for 10 or Fewer School Days**

Before a student is suspended for 10 or fewer school days, an administrator will: (1) provide the student verbal notice of the offense the student is alleged to have committed, and (2) provide the student an informal opportunity to respond and explain what happened. Except in emergency circumstances, an administrator will not suspend the student unless, after providing the student notice and an opportunity to explain, the administrator is reasonably certain that the student committed a violation of the Student Code of Conduct and that suspension is the appropriate consequence. The building administrator will consider the 7 factors provided in the Student Code of Conduct before suspending a student.

### **Removal for More than 10 and Fewer than 60 School Days**

Before a student is suspended for more than 10 school days but less than 60 school days, the Superintendent or designee will provide the parent or student with: (1) written notice of the offense the student is suspected to have committed; (2) an explanation of the evidence relied upon by the District in arriving at the conclusion that disciplinary action may be warranted; and (3) an opportunity for a hearing at which the student may present evidence and witnesses to show that the student did not commit the alleged offense or that suspension is not an appropriate consequence.

The Superintendent or designee will provide the parent or student at least 3 calendar days' notice before the hearing. The parent and student may be represented, at their cost, by an attorney or another adult advocate at the hearing.

The Superintendent or designee will not suspend the student unless, following the hearing, he or she is convinced by a preponderance of the evidence that the student committed a violation of the Student Code of Conduct and that suspension is the appropriate consequence. The Superintendent or designee will consider the 7 factors noted in the Student Code of Conduct before suspending a student.

## **Removal for 60 or More School Days**

Before the Board suspends or expels a student, the Superintendent or designee must provide the parent or student with: (1) written notice of the offense the student is suspected to have committed; (2) an explanation of the evidence relied upon by the District in arriving at the conclusion that disciplinary action may be warranted; and (3) an opportunity for a Board hearing at which the student may present evidence and witnesses to show that the student did not commit the suspected offense or that suspension or expulsion is not an appropriate consequence.

The Superintendent or designee will provide the parent or student at least 3 calendar days' notice before the hearing. The parent and student may be represented, at their cost, by an attorney or another adult advocate at the hearing.

The Board will not suspend or expel the student unless, following the hearing, a majority of the Board finds by a preponderance of the evidence that the student committed misconduct that should result in suspension or expulsion under either the Student Code of Conduct or Board Policy and that suspension or expulsion is the appropriate consequence. The Board will consider the 7 factors noted in the Student Code of Conduct before suspending or expelling a student. The Board's decision is final.

### **Student Code of Conduct**

This Student Code of Conduct is meant to be a guide and is subject to the discretion of administration and the Board.

Administration will, as required or permitted by state law, always consider the use of restorative practices as an alternative to, or in addition to suspension or expulsion. Nothing in the following table limits the District's ability to impose more or less severe disciplinary consequences depending on the situation's unique circumstances and the following factors:

1. the student's age;
2. the student's disciplinary history;
3. whether the student has a disability;
4. the seriousness of the behavior;
5. whether the behavior posed a safety risk;
6. whether restorative practices will be used to address the behavior; and
7. whether a lesser intervention would properly address the behavior.

Nothing in this handbook limits the District's authority to discipline a student for conduct that is inappropriate in school, but that is not specifically provided in this table. Depending on the circumstances of a particular situation, separate athletic or extracurricular sanctions may be imposed, in accordance with the applicable handbook or rules.

## **APPENDIX B: ANTI-BULLYING**

It is the policy of the District to provide a safe and nurturing educational environment for all of its students.

This policy protects all students from bullying/aggressive behavior regardless of the subject matter or motivation for such impermissible behavior.

Bullying or other aggressive behavior toward a student, whether by other students, staff, or third parties, including Board members, parents, guests, contractors, vendors, and volunteers, is strictly prohibited. This prohibition includes written, physical, verbal, and psychological abuse, including hazing, gestures, comments, threats, or actions to a student, which cause or threaten to cause bodily harm, reasonable fear for personal safety or personal degradation.

Demonstration of appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected of administrators, faculty, staff, and volunteers to provide positive examples for student behavior.

Bullying shall also include, by definition, cyberbullying which is defined as any electronic communication that is intended to or that a reasonable person is likely to harm one or more pupils either directly or indirectly by doing any of the following:

- (i) substantially interfering with the educational opportunities benefits or programs of one or more pupils;
- (ii) adversely affecting the ability of a pupil to participate in or benefit from the school district's or public school's educational programs or activities by placing the pupil in reasonable fear of physical harm by causing substantial emotional distress;
- (iii) having an actual and substantial detrimental effect on a pupil's physical or mental health;
- (iv) causing substantial disruption in or substantial interference with the orderly operation of the school.

This policy applies to all "at school" activities in the District, including activities on school property, in a school vehicle, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, or where an employee is engaged in school business. Misconduct occurring outside of school may also be disciplined if it interferes with the school environment.

### Notification

Notice of this policy will be annually circulated to and posted in conspicuous locations in all school buildings and departments within the District and discussed with students, as well as incorporated into the teacher, student, and parent/guardian handbooks. State and

Federal rights posters on discrimination and harassment shall also be posted at each building. All new hires will be required to review and sign off on this policy and the related complaint procedure.

Parents/Guardians of the alleged victim(s), as well as of the alleged aggressor(s), shall be promptly notified of any complaint or investigation as well as the results of the investigation to the extent consistent with student confidentiality requirements. A record of the time and form of notice or attempts at notice shall be kept in the investigation file.

To the extent appropriate and/or legally permitted, confidentiality will be maintained during the investigation process. However, a proper investigation will, in some circumstances, require the disclosure of names and allegations. Further, the appropriate authorities may be notified, depending on the nature of the complaint and/or the results of the investigation.

#### Implementation

The Superintendent is responsible to implement this policy, and may develop further guidelines, not inconsistent with this policy.

This policy is not intended to and should not be interpreted to interfere with legitimate free speech rights of any individual. However, the District reserves the right and responsibility to maintain a safe environment for students, conducive to learning and other legitimate objectives of the school program.

#### Procedure

Any student who believes he/she has been or is the victim of bullying, hazing, or other aggressive behavior should immediately report the situation to the Principal or Assistant Principal. The student may also report concerns to a teacher or counselor who will be responsible for notifying the appropriate administrator or Board official. Complaints against the building Principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports shall be made to those identified above. Reports may be made anonymously, but formal disciplinary action may not be taken solely on the basis of an anonymous report.

To the greatest extent possible, complaints by students, their parents or others acting on their behalf will be kept confidential. The following procedures will be followed to maintain confidentiality:

- (i) all verbal communications regarding a complaint will occur in a confidential setting outside of the ability of others to overhear the conversation and only those that are necessary to be involved will be part of any meeting where complaints are discussed or reviewed;

(ii) meetings held with a pupil who has made a complaint under this policy shall be kept out of view of other students;

(iii) all records concerning complaints will be kept in the principal's office in his or her desk in a secure location such that the information cannot be accessed by others;

(iv) information regarding complaints will be shared with others only on a need to know basis. This means only individuals involved in investigating complaints or taking corrective action will be aware of the information;

(v) to the extent possible, unless permission is given by the complainant, the identity of the complainant will be kept confidential.

The Principal shall promptly investigate and document all complaints about bullying, aggressive or other behavior that may violate this policy. The investigation must be completed as promptly as the circumstances permit after a report or complaint is made.

If the investigation finds an instance of bullying or aggressive behavior has occurred, it will result in prompt and appropriate remedial action. This may include up to expulsion for students, up to discharge for employees, exclusion for parents/guardians, guests, volunteers and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement or other appropriate officials.

The individual responsible for conducting the investigation shall document all reported incidents and report all verified incidents of bullying, aggressive or other prohibited behavior, as well as any remedial action taken, including disciplinary actions and referrals, to the Superintendent. The Superintendent shall submit a compiled report to the Board on an annual basis.

#### Non-Retaliation/False Reports

Retaliation or false allegations against any person who reports, is thought to have reported, files a complaint, participates in an investigation or inquiry concerning allegations of bullying or aggressive behavior (as a witness or otherwise), or is the target of the bullying or aggressive behavior being investigated, is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy, independent of whether a complaint of bullying is substantiated.

Suspected retaliation should be reported in the same manner as bullying/aggressive behavior. Making intentionally false reports about bullying/aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

## APPENDIX C: PROTECTION OF PUPIL RIGHTS

### Notification of Rights Under the Protection of Pupil Rights Amendment (PPRA)

PPRA affords parents of elementary and secondary students certain rights regarding the conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include, but are not limited to, the right to:

- *Consent* before students are required to submit to a survey that concerns one or more of the following protected areas (“protected information survey”) if the survey is funded in whole or in part by a program of the U.S. Department of Education (ED)–
  1. Political affiliations or beliefs of the student or student’s parent;
  2. Mental or psychological problems of the student or student’s family;
  3. Sex behavior or attitudes;
  4. Illegal, anti-social, self-incriminating, or demeaning behavior;
  5. Critical appraisals of others with whom respondents have close family relationships;
  6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
  7. Religious practices, affiliations, or beliefs of the student or student’s parent; or
  8. Income, other than as required by law to determine program eligibility.
  
- *Receive notice and an opportunity to opt a student out of*–
  1. Any other protected information survey, regardless of funding;
  2. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under State law; and
  3. Activities involving collection, disclosure, or use of personal information collected from students for marketing or to sell or otherwise distribute the information to others. (This does not apply to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions.)
  
- *Inspect*, upon request and before administration or use –
  1. Protected information surveys of students and surveys created by a third party;
  2. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
  3. Instructional material used as part of the educational curriculum.

These rights transfer from the parents to a student who is 18 years old or an emancipated minor under State law.

The Marysville Public Schools District will continue to develop and adopt its policies, in consultation with its stakeholders, regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. Marysville Public Schools will directly notify parents of these policies at least annually in its handbooks at the start of each school year and after any substantive changes. Marysville Public Schools will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation of the specific activity or survey. Marysville Public Schools will make this notification to parents at the

beginning of the school year if the District has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below and be provided an opportunity to opt their child out of such activities and surveys. Parents will also be provided an opportunity to review any pertinent surveys. Following is a list of the specific activities and surveys covered under this direct notification requirement:

- Collection, disclosure, or use of personal information collected from students for marketing, sales, or other distribution.
- Administration of any protected information survey not funded in whole or in part by ED.
- Any non-emergency, invasive physical examination or screening as described above.

Parents who believe their rights have been violated may file a complaint with:

## APPENDIX D: ACCEPTABLE USE AGREEMENT

**Marysville Public Schools  
Agreement for Acceptable Use of  
Technology Resources Students Grades  
6 through 12**

\_\_\_\_\_

*Building/Program Name*

\_\_\_\_\_

*Student Name*

This Agreement is entered into on: \_\_\_\_\_

This Agreement is between \_\_\_\_\_ ("Student" or "User")  
and the Marysville Public Schools ("District").

The purpose of this Agreement is to grant access to and define acceptable use of the District's technology resources ("Technology Resources"). Technology Resources are any type of instrument, device, machine, equipment, technology, or software that is capable of transmitting, acquiring, or intercepting, any telephone, electronic, data, internet, audio, video, or radio transmissions, signals, telecommunications, or services, and include without limitation (1) internal and external network infrastructure, (2) Internet and network access, (3) computers, (4) servers, (5) storage devices, (6) peripherals, (7) software, and (8) messaging or communication systems.

In exchange for the use of the District's Technology Resources either at school or away from school, you understand and agree to the following:

- A. Your use of the District's Technology Resources is a privilege that may be revoked by the District at any time and for any reason.
- B. You have no expectation of privacy when using the District's Technology Resources. The District reserves the right to monitor and inspect all use of its Technology Resources, including, without limitation, personal e-mail and voice-mail communications, computer files, data bases, web logs, audit trails, or any other electronic transmissions accessed, distributed, or used through the Technology Resources. The District also reserves the right to remove any material from the Technology Resources that the District, at its sole discretion, chooses to, including, without limitation, any information that the District determines to be unlawful, obscene, pornographic, harassing, intimidating, disruptive, or that otherwise violates this Agreement.
- C. The Technology Resources do not provide you a "public forum." You may not use the Technology Resources for commercial purposes or to support or oppose political positions or candidates unless expressly authorized in advance by a teacher or

administrator as part of a class project or activity. You may, however, use the Technology Resources to contact or communicate with public officials.

- D. The District's Technology Resources are intended for use only by registered users. You are responsible for your account/password and any access to the Technology Resources made using your account/password. Any damage or liability arising from the use of your account/password is your responsibility. Use of your account by someone other than you is prohibited and may be grounds for suspension from the Technology Resources and other disciplinary consequences for both you and the person(s) using your account/password.
- E. You may not use the Technology Resources to engage in bullying, which is defined as:

Any written, verbal, or physical act, or any electronic communication, that is intended or that a reasonable person would know is likely to harm one or more pupils either directly or indirectly by doing any of the following:

- a. Substantially interfering with educational opportunities, benefits, or programs of one or more pupils;
- b. Adversely affecting the ability of a pupil to participate in or benefit from the educational programs or activities by placing the pupil in reasonable fear of physical harm or by causing substantial emotional distress;
- c. Having an actual and substantial detrimental effect on a pupil's physical or mental health; or
- d. Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

Use of other communication/messaging devices (including devices not owned by the District) to engage in bullying may be grounds for discipline under the District's Student Behavior Code and Board Policy 8260.

- F. If you misuse the Technology Resources, your access to the Technology Resources may be suspended and you may be subject to other disciplinary action, up to and including expulsion. Misuse includes, but is not limited to:
  - 1. Accessing or attempting to access material that is "harmful to minors." Material that is "harmful to minors" includes any picture, image, graphic image file, or other visual depiction that (1) taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; (2) depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or

perverted sexual acts, or a lewd exhibition of the genitals; and (3) taken as a whole lacks serious literary, artistic, political, or scientific value as to minors.

2. Accessing or attempting to access material that is unlawful, obscene, pornographic, profane, or vulgar.
3. Accessing or attempting to access material that is inappropriate for minors. Material that is inappropriate for minors is defined as:
  - a. visual depictions that are obscene, child pornography or otherwise harmful to minors; terms, messages or pictures which would violate the District's non-discrimination or other policies or that could be deemed offensive by a reasonable person or which are otherwise determined to be inappropriate by the Superintendent.
4. Bullying (as defined in paragraph E).
5. Sexting, which includes, without limitation, possessing, sending, or distributing nude, sexually explicit, or sexually suggestive photographs, videos, or other visual depictions of yourself or another person.
6. Vandalism, which includes, without limitation, any malicious or intentional attempt to harm, steal, destroy, or disrupt user data, school material, or school hardware or software.
7. Hacking, which includes, without limitation, gaining or attempting to gain access to, modifying, or obtaining copies of, information belonging to others or information you are not authorized to access.
8. Unauthorized copying or use of licenses or copyrighted software.
9. Plagiarizing, which includes the unauthorized distributing, copying, using, or holding out as your own, material that was written or created by someone else, without permission of, and attribution to, the author/creator.
10. Posting or distributing confidential or inappropriate information meant to harass, intimidate, or embarrass others.
11. Allowing someone else to use your account or password or not preventing unauthorized access to Technology Resources when leaving them unattended.
12. Using or soliciting the use of, or attempting to use or discover the account information or password of, another user.

13. Attempting to or successfully disabling security features, including technology protection measures required under the Children's Internet Protection Act ("CIPA").
  14. Misusing equipment or altering system software without permission.
  15. Commercial for-profit activities, advertising, political lobbying, or sending mass mailings or spam. However, you may contact a public official to express an opinion on a topic of interest.
  16. Using the Technology Resources in any way that violates any federal, state, or local law or rule, or the District's Student Code of Conduct and Handbook Guidelines.
- G. You must promptly disclose to your teacher or other school employee any content you view or receive over the Technology Resources that is inappropriate or that makes you feel uncomfortable, harassed, threatened, or bullied, or that contains sexually explicit content. You should not delete such content until instructed to do so by a staff member.
- H. It is the policy of the District, as a recipient of certain federal funds, to monitor the online activities of its minor students and provide technology protection measures on its computers with Internet access designed to prevent minors from accessing visual depictions that are (1) obscene, child pornography, or (3) harmful to minors.
- I. It is the policy of the District to prohibit its minor students from (1) accessing inappropriate matter on the Internet; (2) engaging in hacking or other unlawful online activities; and (3) accessing materials that are harmful to minors. It is also the policy of the District to educate students about cyberbullying awareness and response and about appropriate online behavior, including disclosing, disseminating, or using personal information and safely and appropriately interacting with other individuals in social networking websites, chat rooms, by e-mail, and other forms of direct electronic communications.
- J. The District does not guarantee that measures described in paragraphs Hand I will provide any level of safety or security or that they will successfully block all inappropriate material from the District's students. You agree that you will not intentionally engage in any behavior that was intended to be prevented by paragraphs H and I.
- K. The District does not warrant or guarantee that its Technology Resources will meet any specific requirement, or that they will be error free or uninterrupted; nor will the District be liable for any damages (including lost data, information, or time) sustained or incurred in connection with the use, operation, or inability to use the Technology Resources.

- L. You are responsible for the proper use of the Technology Resources and will be held accountable for any damage to or replacement of the Technology Resources caused by your inappropriate use.

I agree to follow this Agreement and all rules and regulations that may be added from time to time by the District or its Internet Service Provider.

I also agree to follow all rules in the District's Student Code of Conduct and Handbook Guidelines. Any additional rules, regulations, and policies are available in Board of Education policies. As a condition of using the Technology Resources, I agree to release the District and its board members, agents, and employees, including its Internet Service Provider, from all liability related to my use or inability to use the Technology Resources.

I understand that data I send or receive over the Technology Resources is not private. I consent to having the District monitor and inspect my use of the Technology Resources, including any electronic communications that I send or receive through the Technology Resources.

## APPENDIX H: CONCUSSION FORM

### Educational Material for Parents and Students (Content from MDHHS Requirements)

Source: Michigan Dept. of Health and Human Services. Created through a grant to the CDC Foundation from NOCSAE.

### UNDERSTANDING CONCUSSION

#### Some Common Symptoms

Headache	Balance Problems	Sensitive to Noise	Poor Concentration	Not "Feeling Right"
Pressure in the Head	Double Vision	Sluggishness	Memory Problems	Feeling Irritable
Nausea/Vomiting	Blurry Vision	Haziness	Confusion	Slow Reaction Time
Dizziness	Sensitive to Light	Fogginess	"Feeling Down"	Sleep Problems
		Grogginess	Lost Consciousness	

#### WHAT IS A CONCUSSION?

A concussion is a type of traumatic brain injury that changes the way the brain normally works. A concussion is caused by a fall, bump, blow, or jolt to the head or body that causes the head and brain to move quickly back and forth. A concussion can be caused by a shaking, spinning or a sudden stopping and starting of the head. Even a "ding," "getting your bell rung," or what seems to be a mild bump or blow to the head can be serious. A concussion can happen even if you haven't been knocked out.

You can't see a concussion. Signs and symptoms of concussions can show up right after the injury or may not appear or be noticed until days or weeks after the injury. If the student reports any symptoms of a concussion, or if you notice symptoms yourself, seek medical attention right away. A student who may have had a concussion should not return to play on the day of the injury and until a health care professional says they are okay to return to play.

#### IF YOU SUSPECT A CONCUSSION:

- SEEK MEDICAL ATTENTION RIGHT AWAY – DON'T HIDE IT, REPORT IT.** Playing or practicing with concussion symptoms is dangerous and can lead to a longer recovery. A health care professional will be able to decide how serious the concussion is and when it is safe for the student to return to regular activities, including sports. Ignoring symptoms and trying to "tough it out" often makes it worse.
- KEEP YOUR STUDENT OUT OF PLAY –** Concussions take time to heal. Don't let the student return to play the day of injury and until a health care professional says it's okay. A student, who returns to play too soon, while the brain is still healing, risks a greater chance of having a second concussion. Young children and teens are more likely to get a concussion and take longer to recover than adults. Repeat or second concussions increase the time it takes to recover and can be very serious. They can cause permanent brain damage, affecting the student for a lifetime. They can be fatal. It is better to miss one game than the whole season.
- TELL THE SCHOOL ABOUT ANY PREVIOUS CONCUSSION –** Schools should know if a student had a previous concussion. A student's school may not know about a concussion received in another sport or activity unless you notify them.

#### SIGNS OBSERVED BY PARENTS:

- Appears dazed or stunned
- Is confused about assignment or position
- Forgets an instruction
- Can't recall events prior to or after a hit or fall
- Is unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Shows mood, behavior, or personality changes

#### CONCUSSION DANGER SIGNS:

In rare cases, a dangerous blood clot may form on the brain in a person with a concussion and crowd the brain against the skull. A student should receive immediate medical attention if after a bump, blow, or jolt to the head or body s/he exhibits any of the following danger signs:

- One pupil larger than the other
- Is drowsy or cannot be awakened
- A headache that gets worse
- Weakness, numbness, or decreased coordination
- Repeated vomiting or nausea
- Slurred speech
- Convulsions or seizures
- Cannot recognize people/places
- Becomes increasingly confused, restless or agitated
- Has unusual behavior
- Loses consciousness (even a brief loss of consciousness should be taken seriously.)

#### HOW TO RESPOND TO A REPORT OF A CONCUSSION:

If a student reports one or more symptoms of a concussion after a bump, blow, or jolt to the head or body, s/he must be kept out of athletic activity the day of the injury. The student shall only return to activity (practice, scrimmage or competition) with written unconditional permission from an MD, DO, Physician's Assistant or Nurse Practitioner. During recovery, rest is key. Exercising or activities that involve a lot of concentration (such as studying, working on the computer, or playing video games) may cause concussion symptoms to reappear or get worse. Students who return to school after a concussion may need to spend fewer hours at school, take rests breaks, be given extra help and time, spend less time reading, writing or on a computer. After a concussion, returning to sports and school is a gradual process that should be monitored by a health care professional.

Remember: Concussion affects people differently. While most students with a concussion recover quickly and fully, some will have symptoms that last for days, or even weeks. A more serious concussion can last for months or longer.
